

Our Priorities : September 2021 to March 2022:

Innovation

We value and embrace innovation; our approaches are continually evolving so we may serve with purpose and excellence

- Partner with research to advance evidence informed clinical practices
- Develop an environment for innovation and development
- Leverage technology to maximize impact for clients and families

Diversity

We see diversity as a pathway to strength and equity, so we actively seek it out in all aspects of our work

- Board Recruitment: enhance the diversity of the Board of Directors to reflect the community we serve
- DIG: Increase the diversity of our staff and board to provide authentic insights to inform our practices and include our communities
- EDI Training: Board and Staff

Experience

We are committed to providing a supportive and positive experience for all who journey with us

- Moving to LA (COVID Safety plan)
- Staff Experience (Wellbeing and culture and negotiations)
- Client Experience (Service delivery model, standards and efficiency)
- Recognizing the voice of youth

Access

We believe KidsAbility must be accessible to everyone who needs us, so we will remove barriers to services and supports that get in the way

- Develop and implement a responsive autism program
- Develop and implement a new intake experience
- Expand Community Rehabilitation program
- Participate and/or lead system activities for improved access for families

Strength

We know that when our organization is strong, our capacity for success is immense

- Implementation of a new clinical management structure
- Investigate Client Information System
- Re-imagine communications and engagement at KidsAbility
